

MARIANO MARCOS STATE UNIVERSITY

University's principles and commitments on organized crime, corruption & bribery

The University's principles and commitments on organized crime, corruption, and bribery are integrated in the Code of Ethics adopted by the University for its employees, as well as in its commitment to the implementation of the Ease of Doing Business (RA 11032) and ARTA. MMSU's Service Pledge and Citizen's Charter calls on employees to discharge their duties with utmost responsibility, integrity, competence and loyalty, act with patriotism and justice, uphold public interest over personal interest, denouncing crime and corruption in all its forms.

It has a task force to oversee implementation of the Citizen's Charter to curb possible bribery and corruption. University rules on student conduct and discipline compel students to conform to the laws of the land. (Chapter V, Student Handbook).
