

# MARIANO MARCOS STATE UNIVERSITY

## **Benchmarking Activities and Visits to MMSU**

Established on 06 January 1978 through Presidential Decree 1279, issued by President Ferdinand E. Marcos, the university has buildings and landscapes that have been considered to be a natural heritage and culturally significant, not just to the province but also by visitors. The University opens its doors to the public through benchmarking activities, welcoming other SUCs and other agencies to share our best practices and to explore potential collaborative engagements in research, extension, and production.
