

## MARIANO MARCOS STATE UNIVERSITY

### Support for underrepresented groups

One of the services being offered by the Student Welfare Unit under the Office of Student Affairs and Services (OSAS) of the University is Guidance and Counselling Services. Guidance services use an integrated approach to the development of well-functioning individuals primarily by helping them to utilize their potentials to the fullest. Counseling services are individual and/or group interventions designed to facilitate positive change in student behavior, feelings, and attitudes. These services include mentoring, counselling, or peer support activities to support all students including those from underrepresented groups.

In 2022, the University conducts Guidance and Counseling Information Drive via mVLE (online), Group Guidance Program and Mental Health Activities, "Kamustahan" Program and Career Guidance activities.
