SDG 17 | PARTNERSHIPS FOR THE GOALS

MMSU helps achieve the Sustainable Development Goals by forging linkage, not only across the goals, but also between institutions, government, NGOs, and people.

MMSU remains strong in coordinating and fostering partnerships that advance the SDGs. In 2024, it forged 81 new partnerships across national and international borders, focusing on the advancement of transnational education and knowledge sharing in areas such as agriculture, information technology and innovation, and intercultural understanding.
